

# SERVICES FOR RESEARCHERS

## offered by the University libraries

### ONLINE RESOURCES

The University libraries provide access to thousands of journals, databases and e-books.

[docelec-contact@univ-lorraine.fr](mailto:docelec-contact@univ-lorraine.fr)

To get an easy access to our resources, don't forget to install the Click & Read extension : [clickandread.inist.fr](http://clickandread.inist.fr)

### PUBLISHING

- Support for diamond journal publishing: creation, digital transition
- Support on publishing platforms

[ddoc-edition-contact@univ-lorraine.fr](mailto:ddoc-edition-contact@univ-lorraine.fr)

### DIGITAL IDENTITY

- Creation and completion of ORCID and IdHAL personal identifiers
- Support in managing your digital identity

[virginie.lang@univ-lorraine.fr](mailto:virginie.lang@univ-lorraine.fr)

### RESEARCH DATA

- Comprehensive support from the ADOC Lorraine data workshop
- Data management plan, storage, finding data, publishing data, legal issues, data papers, etc.
- Online training

[donnees-recherche@univ-lorraine.fr](mailto:donnees-recherche@univ-lorraine.fr)

### ELECTRONIC LABORATORY NOTEBOOK

- Training on the eLabFTW software
- Help to set up the tool in a research unit

[donnees-recherche@univ-lorraine.fr](mailto:donnees-recherche@univ-lorraine.fr)

### DOCUMENTARY MONITORING

- Zotero training
- Management of shared bibliography

[ddoc-soszotero-contact@univ-lorraine.fr](mailto:ddoc-soszotero-contact@univ-lorraine.fr)

## PHD THESIS

- Management of the submission and diffusion of thesis

[ddoc-theses-contact@univ-lorraine.fr](mailto:ddoc-theses-contact@univ-lorraine.fr)

## HAL OPEN ARCHIVE

- Assistance for depositing your publications in HAL
- Collections creation, statistics

[hal-contact@univ-lorraine.fr](mailto:hal-contact@univ-lorraine.fr)

Submitting the full text in HAL is a solution to meet the requirements of the funders (ANR, Europe) in terms of open access diffusion.

## OPEN SCIENCE

- Find all the information on Open Science at the University of Lorraine :  
[scienceouverte.univ-lorraine.fr](http://scienceouverte.univ-lorraine.fr)

[scienceouverte-contact@univ-lorraine.fr](mailto:scienceouverte-contact@univ-lorraine.fr)

The support offered by the University libraries is particularly important for the setting up of ANR or European projects, for Open Science is now an essential issue for any research project.

You can request a proofreading of the pre-submission files for all Open Science aspects (publications, data management), as well as assistance during the project.

[science-ouverte-projets@univ-lorraine.fr](mailto:science-ouverte-projets@univ-lorraine.fr)

## BIBLIOMETRICS

in collaboration with DAPEQ

- Bibliometric reports, Open Science indicators
- Identifying potential collaborations with researchers or units
- Training in bibliometrics and the use of OpenAlex and VOSviewer

[bibliometrie-contact@univ-lorraine.fr](mailto:bibliometrie-contact@univ-lorraine.fr)

## TRAINING

As part of their program « Domptez la Doc ! », the University libraries support researchers and PhD students in the following areas:

- Being efficient in the search for information
- Disseminating your research
- Understanding the challenges of bibliometrics
- Understanding Open Science
- Managing research data, etc.

[domptezladoc@univ-lorraine.fr](mailto:domptezladoc@univ-lorraine.fr)

Many Open Science training courses can be followed autonomously on Arche.
